

Wire Rod & Bar Mill, USI Project ,Fujairah

28th September 2014

Subject: Appreciation letter

Dear Sirs,

We take this opportunity to appreciate **Metro Mac Automation** for their good and professional service provided to **Siemens VAI** through their main contractor Ferretti International in our project at United Steel Industries, Fujairah, UAE.

They were involved in the Electrical & Instrumentation scope of work in the contract which included Supply of Electrical & Instrument materials, Installation of Electrical Equipment, MCC and Control Panel Installation, Cable Management systems, Cable installation, Termination, Instrument installation, CCTV AND INTERCOM installation, Fiber optic cabling & connections, Testing, Pre-commissioning and Commissioning activities.

We thank the management and site team of **Metro Mac Automation** for their support and look forward to work with them in future.

Best Regards,

Mr. Ransdale Ricardo Alberto

Siemens Site Construction Manager
